

# Problem Set 5

## Demography Camp

Summer 2013

Turn in answers electronically to [kbiettsch@princeton.edu](mailto:kbiettsch@princeton.edu) or in my mailbox by 9AM Monday.

Using data from the World Bank (<http://data.worldbank.org/indicator>), write down the CBR, CDR and, and Population growth (annual %) for 2011 for Afghanistan, Dominican Republic, Lesotho, and USA.

	CBR	CDR	Pop Growth
Afghanistan			
Dominican Republic			
Lesotho			
United States			

### Question 1

Which country has the highest CBR?

**Question 2**

Which country has the highest crude rate of natural increase (remember this term from the Population Growth handout)?

**Question 3**

For each country, compare the CRNI and the population growth (%).

**Question 4**

Lesotho and the Dominican Republic have similar CRNI. Are their fertility and mortality rates similar? What does this tell you about growth rates?
